

Product Vision and Release Plan

Document ID:	PVR-v4.0
Version:	4.0 Production
Status:	Approved for implementation
Effective date:	2026-05-24
Classification:	Internal - Build team

Vision

For restaurant customers and staff who need reliable digital ordering, Titans InstaFood is a web platform that provides 24/7 menu, cart, secure payment, and order tracking. Unlike manual phone orders, our product automates catalog, payments, and reporting with auditable security controls.

Release 1 (MVP)

Increment	Sprint target	Capabilities	Requirements
1	Sprint 1	Auth, profile, menu browse	FR1-4, FR19-20, FR24, AUTH-01
2	Sprint 2	Cart, checkout, payment	FR8-14, FR16, FR23
3	Sprint 3	Order tracking, admin catalog	FR5-7, FR17-18, FR26-27
4	Sprint 4	Reports, reviews, NFR hardening	FR21-22, FR25, FR28-30, NFR1-21

Release 2

FR31-FR50 after MVP production sign-off. See SRS section 2 and RTM R2 sheet.

Dependencies

- Payment gateway sandbox before Sprint 2.

- Production
